

Business Intelligence & Security

We identify vulnerabilities, contain incidents, and strengthen your long-term resilience.

ChampionIntel Hong Kong

Investigate. Advise. Secure.

We combine investigative experience with regional insight and cross-border capability, delivering discreet, accurate and actionable intelligence to support business decisions, protect assets, and reduce operational risk.

Excellent Investigative Credentials

ChampionIntel HK is led by former senior law-enforcement professionals from the **Hong Kong Police Force, UK Police, and INTERPOL.**

These skillsets ensure that our clients benefit from top-tier investigative experience, strong legal awareness, and the highest standards of discretion and confidentiality.

Full Resources of Champion Group

We operate as an integral part of the wider Champion Group.

A such, we can provide clients with seamless access to on-the-ground investigations with **ChampionIPR**, online AI monitoring and enforcement via **ChampionAI**, and specialized in-house legal services through **ChampionLegal**.

Hong Kong SAR - Gateway to the World

Hong Kong SAR represents a unique bridge between China and the rest of the world.
